Barrier Pest Control to the Rescue!

There's nothing worse than unwanted guests in your [home](#) or [workplace](#). Our professionals provide a full spectrum of customized pest management services to prevent or get rid of annoying and unruly pests. **Barrier Pest Control** is a local Dallas/Fort Worth company that specializes in pest control and extermination services such as:

- Mosquito Control
- Termite Control
- Ant Control
- Insect Control
- General Pest Control
- Integrated Pest Management (IPM) Solutions

Whether you're a [residence](#) or a [commerical building](#), we treat your exteriors, interiors and perimeters to form a barrier against unwanted guests. We use products that have low environmental impact and toxicity. Our professionals understand IPM, how pests live and how important it is to minimize the need for chemicals.

Types of Pests

Barrier Pest Control is completely familiar with all types of pests in the Dallas/Fort Worth area. Some types you want to watch out for include roaches, fleas, gnats, spiders, earwigs, scorpions, mice, rats, rodents, bedbugs, bees, mices, wasps and silverfish. If you see a creepy-crawly, [contact us](#) right away!
